REISSUE APPLICATION DECLARATION BY THE INVENTOR		Docket Number (Optional) 1630-0514PUS1
<p>I hereby declare that:</p> <p>Each inventor's residence, mailing address and citizenship are stated below next to their name.</p> <p>I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number <u>6,253,221</u>, granted <u>June 26, 2001</u> and for which a reissue patent is sought on the invention entitled</p> <p>COPY PREVENTION METHOD AND APPARATUS FOR DIGITAL VIDEO SYSTEM</p> <p>the specification of which</p> <p><input type="checkbox"/> is attached hereto (also enclosed is a Preliminary Amendment).</p> <p><input checked="" type="checkbox"/> Was filed on <u>June 26, 2003</u> as reissue application number <u>10/606,362</u> <u>June 26, 2003; November 27, 2006; August 7, 2007; October 29,</u> <u>and was amended on <u>2008; April 30, 2009; June 19, 2009; and October 26, 2009.</u></u></p> <p>I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.</p> <p>I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.</p> <p><input checked="" type="checkbox"/> I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b) to Korean application No. 96-22891 filed in Korea on June 21, 1996.</p> <p>I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)</p> <p><input type="checkbox"/> by reason of a defective specification or drawing.</p> <p><input checked="" type="checkbox"/> by reason of the patentee claiming more or less than he had the right to claim in the patent.</p> <p><input type="checkbox"/> by reason of other errors.</p> <p>At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:</p> <p>U. S. Patent No. 6,253,221 claims 1-11 recite features of a method and apparatus for character display, but fail to recite the particular combination of features recited in independent claims 1, 4, 6, 7, 9, 11 and 23. This reissue application is also a <u>BROADENING REISSUE</u>, at least because the independent claims do not recite that character signals of a language for subtitle processing selected from multi-languages are generated and to be used in multilingual character subtitle processing on the basis of font data, at least some of which are recorded in the optical disc as recited in claims 1 and 11 of the issued patent. Further, claims 1, 4, 6, 7, 9, 11 and 23 also recite character signals are <u>selectively</u> generated to have a font defined by the <u>first font data</u> or <u>second font data</u> as claimed, which is not included in the original patent claims.</p>

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine and imprisonment, or both, under 18 U.S.C. 1001, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this declaration is directed.
